MARGARET REES, EDITOR

## BRIDE-TO-BE HONORED AT BEAUTIFUL PARTY

Mrs. R. R. Smith entertained on Tuesday evening at an unusually attractive party in honor of Mrs. Thelma Reineman, whose marriage to Harry N. Warren, popular Torrance merchant, will take place on May 6.

The Smith home on Carson street at Gramercy was transformed into a flower garden with immense bunches of sweet peas, roses, ferns and spring flowers of many varieties.

This evening was spent in playing mah jong and hearts.

When refreshments were served each of the seven tables was centered with a glass flower basket attractively filled, which proved to be the awards for those holding high score at each table. Prizes were also awarded those having low score.

As the party was a kitchen shower, Mrs. Reineman received many beautiful and useful gifts.

Those present were Mrs. A. J. Stoner of Santa Monica, Mrs. Arthur Hodges and Mrs. Frances Hathaway of Lomita, Mrs. Della Malone, Mrs. Nellie Haynes, Mrs.

A. P. Stevenson, Mrs. J. C. Lightbody, Mrs. C. M. Mackenzie, Mrs. J. S. Torrance, Mrs. W. H. Stanger, Mrs. C. H. Mueller, Mrs. James King, Mrs. George Peckham, Mrs. Charles Schultz, Mrs. Frank Warren, Mrs. Frank Clark, Mrs. Ed Tansey, Mrs. Lena Weaver, Mrs. Alfred Kerber, Mrs. Clara Conner, Mrs. George Parr, Mrs. Margaret Gutfenfelder, Mrs. H. F. Rees, Mrs. Alma Merritt, Mrs. Charles Inman, Mrs. Gladys Faulkner, Mrs. Eunice Larrimar, Mrs. Reineman, and Mrs. Smith.

## ROYAL NEIGHBORS TO GIVE CARD PARTY

The Torrance camp of the Royal Neighbors will give a card party on Tuesday, April 28, at Moose hall.

## BOWLERS' DANCE TO BE GIVEN MAY 6

Torrance bowlers will give a dance on Wednesday, May 6, at Moose hall, the proceeds to be used to send the Torrance team to the Pacific Bowling Congress at San Francisco.

Music will be furnished by the Danctymic orchestra.

## Women's Club To Hold Straw Vote on Plan for Clubhouse

A better understanding of the plans for financing the Women's Club house was reached Wednesday afternoon when Brian K. Welch presented at a special called meeting called for that purpose an outline whereby the money for the building this year could be obtained. It is the earnest desire of the building board and Mr. Welch that every member of the club be accurately informed on all particulars before a definite vote is taken.

Many points in doubt were discussed and cleared up, but the feeling of those present was that

so limited a number of women could not speak for the club, comprising 194 members.

An effort to reach each member personally by questionnaire will be made, as all feel it necessary to take some immediate action. In order to give Mr. Welch the sense of the meeting a straw vote was taken and, although many felt unprepared to vote, of those voting the majority were in favor of the plan presented.

It is strongly urged that every member make herself familiar with the accurate details before voting upon the plan.

BY MRS. MARY MORTON

### HOUSECLEANING HINTS

Burlap wall coverings should be cleaned by brushing or with a vacuum cleaner. Where the walls are painted with ordinary oil paint they should be rubbed with even strokes, using a cloth wrung out of clear water, and wiped with a soft, dry cloth. If the paint is badly soiled and stained a fine scourer such as white soap may be used. Enamel paint (that is, paint mixed with varnish, which gives a hard, smooth surface) is dulled by soap. Such paint may be cleaned by rubbing first with a woolen or cotton flannel cloth wrung out of hot water and then with a clean, dry cloth. Spots, stains and dirt that will not yield to hot water alone may be removed with a fine scourer if it is applied carefully in order not to scratch the surface.

Round Steak Pie.—To three-quarters of a pound of ground round steak (do not use hamburger) add one small-size onion chopped fine, and enough pepper as salt to season. Mix this well with edge of spoon (do not mash) and dust with about three table-spoons of flour shaken from sifter. Put in hot skillet in which you have browned down a small piece of beef suet, and stir with spoon for three minutes. Line a suitable-sized pyrex baking dish with biscuit dough rolled about three-quarters of an inch thick, and to this add the browned meat. Pour over the contents one-half cup canned tomatoes (to which a pinch of soda has been added), diluted with one-third cup milk. Put on top crust of same thickness as lining. Fork several holes for escape of steam, and bake in medium oven 25 minutes.

A housekeeper says she always keeps a salt and pepper shaker on the little shelf which is just above the stove burners, and, as it is not white enamel, the salt has caused little rust spots to appear. She remedied that by covering a cigar box lid with white oilcloth, using ordinary library paste. She put this on the shelf and keeps the salt and pepper shakers and a small tin box (aluminum paint-

ed) for burnt matches on it. It is neat-looking and is easily kept-cleah.

An ingenious housewife sends in the following:

"My tank to coal oil stove sprang a leak. As I had to use it I took a piece of cotton sheeting, painted it with a thick coat of white lead (not having much oil to it), first putting a small piece of gum on the hole, then the painted cloth. It has been in use ever since 1923 and does not leak. One can mend cold water pipes in the same way. Will last for years. A better way is to give it another coat of paint after the first is dry."

Buttered Beets.—Canned of fresh beets may be used. After chopping put in pan, add tablespoon butter, two spoons cream, salt, pepper, and heat thoroughly. The cabbage salad has green pepper chopped with it and the grated carrots added to top.

Rhubarb Pudding.—Make a rather thin rhubarb sauce. Add sugar to sweeten. Take juice, about two cups, and thicken with two table-spoons cornstarch. Cook until clear and serve cold with cream.

In cutting up sticky fruits, as raisins, dates, etc., you will find using a sharp pair of scissors helpful. Having beside you a cup of flour, open the scissors in the flour before cutting the date or fruit. Keeping the scissors covered with flour will prevent the pieces sticking to the scissors and also from becoming a sticky mass when you finish. The flour can be used after, as no pieces stay in it.

Potato Balls.—Cook 12 large potatoes with jackets until done; peel and mash. Add one egg and a little chopped parsley and enough flour to make potatoes stick together. Make into balls. Drop balls into boiling salt water and boil until they rise to top of kettle. Brown cubes of bread in butter, add one cup of milk, and pour over the potato balls.

Perfection Salad.—Two table-spoons granulated gelatin, one-half cup cold water, one-quarter cup vinegar, one-quarter cup lemon juice, one-third cup sugar, one teaspoonful salt, one and one-half cups boiling water, two cups shredded cabbage, one cup chopped celery, one-third cup chopped pimento, one small green pepper (chopped), one-quarter cup chopped English walnuts. Soak gelatin in cold water for five minutes. Add boiling water, sugar, salt, lemon juice and vinegar. Stir until well mixed, then set aside until the mixture begins to stiffen. Add remaining ingredients, and pour into individual molds or a square pan, and when cold cut into squares as for tomato jelly salad. Place on stuffed olives or tiny sprigs of parsley. Serve with mayonnaise.

## OBSERVATIONS

(Continued from Page One)

in mid-air and descend perpendicularly. They do state that the slotted planes permit the machine to descend but not to ascend in a straight line.

The slotted planes therefore do not take the place of a helicopter, which is not yet perfected, but they do provide a safety factor which is of tremendous importance to commercial aviation. A plane that can descend safely in a perpendicular line can descend anywhere on land without danger, can alight on the deck of a ship, can land on the terrain anywhere in case of trouble. The person who is skeptical about the successful future of commercial aviation and the necessity for every community to own its own landing field is a reincarnation of the fellow who looked at Fulton's steamboat and said "He'll never make it work."
